

Jason D. Morrison, CHMM

Director of Environmental Services

Jason Morrison is responsible for oversight of SevenGen's Environmental Services line throughout the United States. Mr. Morrison began consulting in 2000 at predecessor companies ISG, Inc. and Concentra EHS, where he managed environmental projects. As Director of Environmental Services, Mr. Morrison leads SevenGen's Environmental Services and Regulatory Compliance Department. Jason has wide-ranging involvement in both the private and public sectors, having served multiple years as Director of Environmental Scientists for Allen County, Indiana and actively serves on the Government Affairs Committee for the Alliance of Hazardous Materials Professionals (AHMP). Jason builds from more than 15 years of practical environmental experience and expertise, managing SevenGen's clients' full-range of environmental needs including permitting and compliance, site assessment and investigation, regulatory testing and training.
